

MOUNT PLEASANT

2022 Estate Grown Hunter Valley Semillon

Sourced entirely from our own vineyards, our Estate Grown Semillon is released in its infancy to preserve the freshness and vitality that is Hunter Valley semillon.

Hand-picked and fermented before bottling within three months of production, this wine showcases all that is special about Hunter semillon. Citrus, freshness, and the ability to pair perfectly with seafood.

Tasting Notes

A nose accentuated by lemongrass, citrus and dried herbs with a palate of fresh lemon and lime, beautiful mouth-watering acidity, and succulent fruit sweetness.

Drinking Window

Hunter Valley semillon ages like no other. With modern day bottling techniques, this wine will age under screwcap for the long term.

Awards & Reviews

*92 points, Kasia Sobiesiak (the Winefront) “ultra-refreshing like minty mineral water, textural, grapefruit and lime zest.”
